utilizing a pro versus con presentation this introductory text is structured around fundamental philosophical questions and covers many different philosophers

this work provides a welcome antidote to some of the distortions and biases which the two dominant schools of anglo american philosophical thinking logical positivism and ordinary language analysis have introduced into the philosophy of history in the past three or four decades in particular it challenges two powerful stereotypes that philosophy and history are conceptually independent of each other and that there exists a sharp division between analytical reputable and speculative disreputable philosophy of history by offering and defending his own conception of philosophy the author seeks to show that there is indeed common ground between philosophy and history that speculative philosophy of history lies between philosophy and history not because it is neither philosophy nor history but because it is both philosophy and history originally published in 1970 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

philosophy of social science provides a tightly argued yet accessible introduction to the philosophical foundations of the human sciences including economics anthropology sociology political science psychology history and the disciplines emerging at the intersections of these subjects with biology philosophy is unavoidable for social scientists because the choices they make in answering questions in their disciplines force them to take sides on philosophical matters conversely the philosophy of social science is equally necessary for philosophers since the social and behavior sciences must inform their understanding of human action norms and social institutions the fifth edition retains from previous editions an illuminating interpretation of the enduring relations between the social sciences and philosophy and reflects on developments in social research over the past two decades that have informed and renewed debate in the philosophy of social science an expanded discussion of philosophical anthropology and modern and postmodern critical theory is new for this edition

philosophy in education questioning and dialog in k 12 classrooms is a textbook in the fields of pre college philosophy and philosophy of education intended for philosophers and philosophy students k 12 classroom teachers administrators and educators policymakers and pre college practitioners of all kinds the book offers a wealth of practical resources for use in elementary middle school and high school classrooms as well as consideration of many of the broader educational social and political topics in the field including the educational value

of pre college philosophy the philosophies of education that inform this philosophical practice and the relevance of pre college philosophy for pressing issues in contemporary education such as education reform child development and prejudice and privilege in classrooms the book includes sections on the expansion of philosophy beyond higher education to pre college populations the importance of wondering questioning and reflection in k 12 education the ways that philosophy is uniquely suited to help students cultivate critical reasoning and independent thinking capacities how to develop classroom communities of philosophical inquiry and their potentially transformative impact on students the cultivation of philosophical sensitivity and positive identity formation in childhood strategies for recognizing and diminishing the impact of social inequalities in classrooms and the relationship between introducing philosophy in schools and education reform

from the author of the international bestseller plato not prozac a vital guide to the art of living

with selections of philosophers from fichte to dewey this new anthology provides significant learning support and historical context for the readings along with a wide variety of pedagogical assists biographical headnotes reading introductions study questions and special prologues and philosophical overviews help students understand and appreciate the philosophical concepts under discussion philosophical bridges discuss how the work of earlier thinkers would influence philosophers to come and place major movements in a contemporary context showing students how the schools of philosophy interrelate and how various philosophies apply to the world today in addition to this volume of 19th century philosophy a comprehensive survey of the whole of western philosophical history and other individual volumes for each of the major historical eras are also available for specialized courses
